SUMMARY

Self-taught Front-End Web Developer with over 1.5 years of hands-on experience building responsive and user-friendly web interfaces using HTML5, CSS3, SCSS, JavaScript, React, TypeScript, jQuery, and Pug. Built and published 15 front-end projects on GitHub, including admin dashboards, multi-section websites, and responsive landing pages. Experienced in creating reusable styles, applying responsive design principles, and using Git and GitHub for version control and project deployment. Participated in the Digital Egypt Cubs Initiative (DECI) and earned a certificate. Motivated to join a professional team, improve technical skills, and contribute to real-world web products.

PROFESSIONAL EXPERIENCE

Web Developer 12/2024 – Present
Self-Employed Kafr El-Sheikh, Egypt

- Built and published **15 front-end projects** on GitHub, including an admin dashboard, a multi-section website, and a responsive agency landing page.
- Developed responsive websites using **HTML5, CSS3, Sass/SCSS, JavaScript, jQuery, Pug, React, TypeScript, PHP, and Python**.
- Created reusable styles and page templates with **SCSS and Pug**, improving consistency across projects.
- Applied responsive design techniques for **mobile, tablet, and desktop** screen sizes.
- Used **Git and GitHub** for version control, project management, and deployment through GitHub Pages.
- Strengthened back-end development skills through practical projects using **PHP and Python**.
- Completed the self-learning phase of the **Digital Egypt Cubs Initiative (DECI)**.
- Studied technical documentation and built practical projects to expand web development knowledge.
